

Parte 02

Si el perfil del usuario logueado es *‘invitado’*, se visualizarán los siguientes controles:

- Cuatro inputs (type=rario) que permita seleccionar entre cuatro distintas medidas de fuente.
- Un input (type=color) que permitirá elegir: color de fondo
- Un input (type=color) que permitirá elegir: color de fuente
- Un combo que permitirá seleccionar la forma de las fotos (con vértices redondeados, redonda o estilo diapositiva).

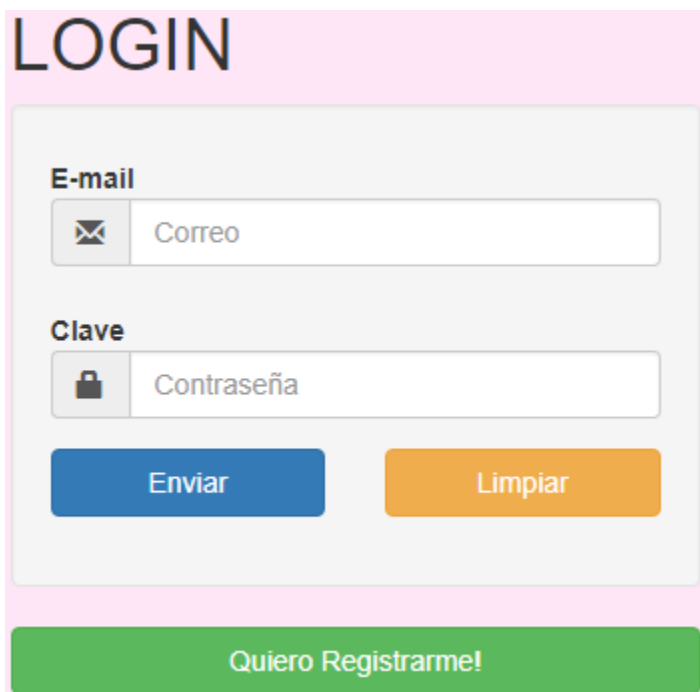

Asociar el evento click del botón *btnGuardarCambios* a una función que recupere los valores y los guarde en el LocalStorage, actualice los cambios en la página y que lo ‘recuerde’ para la próxima vez que se loguee ese usuario.

Diseñar el *login.html* para que tenga comportamientos responsive de acuerdo a las siguientes imágenes:
